

Commissioning of the House

Welcome to my house. I am glad that they have opted for the House.

So at the beginning everything can work equally smoothly, here is a small guide

Upon arrival, you will find the key in the key box. The code will be communicated to you prior to arrival. At departure please take the key in the box then place back.

The power supply is always active.

GAS - cooking

Next, you need to connect the gas cylinder so that she can cook. It is located in the shed, the key is in the keychain. The gas connection is located next to the barn door on the House wall. Place the connecting valve on the bottle (for them the Green valve ring must lift slightly and then release so that it clicks into place on the bottle. Then turn the small black lever and open the stopcock on the House wall - now the gas can flow.

Gas in the garden / kitchen

should cook in the garden with the gas cooker want, they must carry the second bottle there. The port is located under the gas stove. The principle is the same as on the other bottle.

Two herds / hob, gas flows as soon as they open the spigots. There are no safety sensors such as here in Germany.

On the shelf of the fridge, a fire blanket located emergency!

The House is equipped with smoke detectors and also carbon monoxide detectors and a fire extinguisher.

Refrigerator

Please insert the plug into the wall socket behind the refrigerator. At your departure please tighten and **the doors open letting!**

Current outdoor kitchen

in the outdoor kitchen you will find a Fusebox as power Distributor. All fuses are individually labeled, depending on what they need. If there no current arrive, please press the left light switch in the fuse box in the seating area in the living room. The power supply is controlled from there.

The socket on the terrace in front of the entrance is also controlled by a switch. Find it directly inside socket height next to the front door.

Bread rolls for breakfast

Upon arrival on the first evening Please hang a small note on the bread bag on upper neighbor, with the number of rolls you need. Then there are the next morning your bread in the bread at the small gate (PAO)

There are various rolls:

the Pão **SECO** -a rather furnishing white flour bread, typical Portuguese

the **berdina Vishal pequenó** -a mixed-flour bread

the **namorado**- an elongated white flour bread (very tasty)

Now it must be however in Portuguese there:

The note should then be:

FAZ a favor, precisamos pao casa no 13

X...PAOs secos

Pequenos x bolos

Namorados X

Ao of sábado a dubrada (that means they on Saturday that no delivery double get lot, since Sunday is.

OR is paid every Saturday a day before leaving a note in the bread box with money.

Sandwiches cost between 15 and 25 cents, depending on the type of

On the note should then be: **Vamos embora amanhã, pago faz a favor, obrigado.**

Then, the Baker makes them a piece of paper with the total and the remaining money in the box.

Garden irrigation

It automatically in the early morning, so that they will not get wet when they take advantage of the garden.

Television use

due to the risk of thunderstorms, the TV are not connected when you arrive. Any TV that plug cables into the sockets (behind or under the devices) satellite is always connected - they should port. Watch TV or listen to the radio going, they must plug the antenna cable into the socket. -Batteries in the remote control insert and watch TV. In all TVs and satellite receivers (bedroom) you will find USB inputs there to watch their own movies. All TVs are on Astra. (DisEq1). Should you wish to receive Hotbird, you have to switch on DisEq2 set menu - Please back up Astra!

On the TV in the living room is also port. TV shows movies in original language with port. Subtitles. To do this on the remote **TOOLS** press-TV reception on terrestrial change...

A **Washing machine** is located in the shed, a clothesline is located on the Gallery, you will find the floor sleeve behind the shed in the meadow. The laundry dries in the Sun very fast. Are clothespins and laundry basket in the bathroom.

POOL / garden shower

the pool requires a chlor tablets in the skimmer in the meantime. See the chlorine in the shed in a white box with a blue lid. A half Tablet into the skimmer (**important**) and allowed to float.

**Never throw the pills in the pool, they destroy the ground plastic
Now everything should be ready for use.**

Check-out

at your departure in any case, disconnect the gas supply and include both gas bottles back in the shed, unless because it come after other tenants, then I tell you
I wish you a nice stay

love greetings

Uwe Schönemann
